

02

The future of performance.
Sustainably driven. Scientifically backed.

About

LEGACY OF EXCELLENCE

Since 1952, Scotchgard™ Protector has been the go-to surface protectant for generations of people.

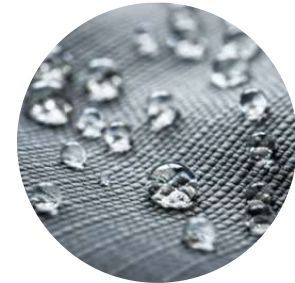

BACKED BY SCIENCE

Products are meticulously tested, ensuring the efficacy of core features such as liquid repellency, durability, and more.

RECOGNIZED WORLDWIDE

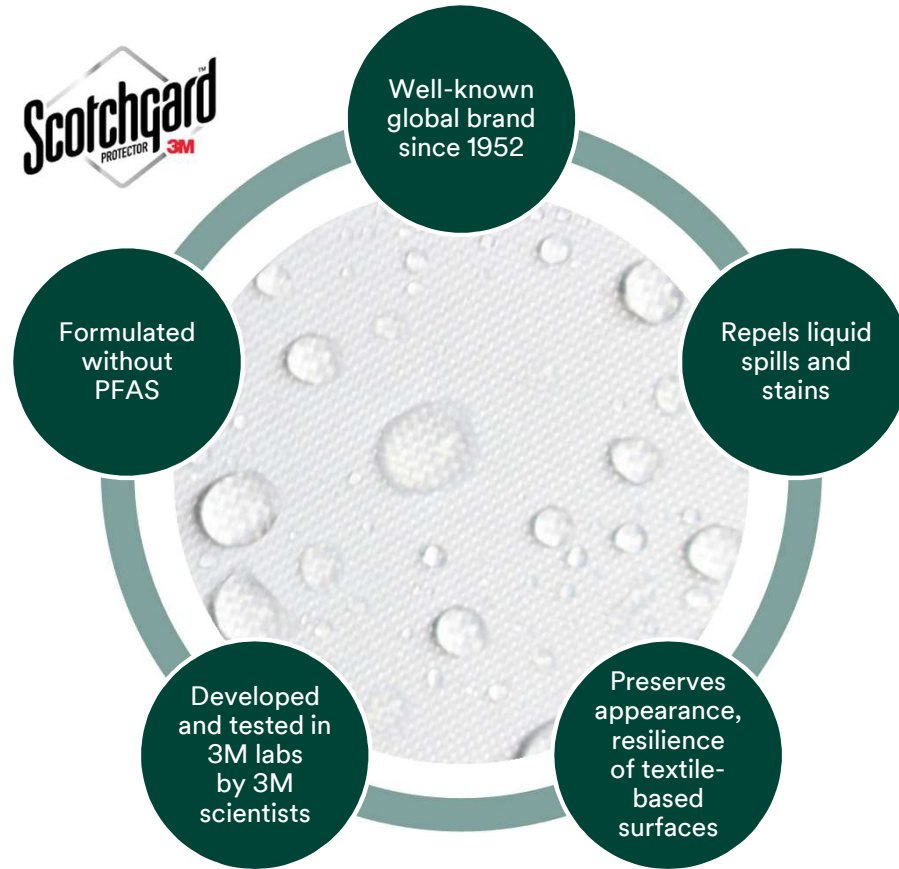

As an industry leader, we'll work with you to support your marketing and sales efforts.

EVOLVING

Scotchgard™ Protector continues to focus on formulas that can further enhance breathability, durability, and liquid repellency.

What we do

Features

All Scotchgard™ Protector products are formulated without PFAS. However, each product is also designed to accomplish a specific purpose, so depending on the line you choose, you'll attain unique, powerful attributes alongside the exceptional protection you already expect.
