# About Us

- Zeynar, established to produce and market dyed and printed fabrics in the textile industry. Certified by OEKO-TEX Class 1, GOTS, and Bluesign, it is underlined that we are working for “Sustainable Future”, one of the essential values of Zeynar, which guarantees social value and minimum environmental impact.
- As Zeynar, we constantly work for the best production and service to establish long-term relationships with our customers.

# Services

- Dyeing
  - Rotary Printing, Digital Printing
  - In-house Designing
  - Special Finishes
- **ONE-STOP SOLUTION FOR DYEING AND PRINTING NEEDS**
    - At Zeynar, we provide fabric dyeing and printing processes in our facility. This helps our customers to collect dyed and printed product needs from a single vendor, reducing the supply process while optimizing the logistic timeline.

# Our Products

- FASHION

## **SOLUTIONS THAT INSPIRE CREATIVITY**

We have the ambition to make life-enhancing fabrics for people and provide comfort and self-confidence in every environment by caring for every moment in life with rich color, pattern, and fabric content.

- PERFORMANCE WEAR

## **COMFORTABLE MOVEMENT**

The increasing demand for technological fabrics in the activewear world enables us to create soft and good-feeling unique fabrics that combine performance and comfort.

We give the fabric a more functional structure with performance finishing processes. We explore and present finishing trends that give importance to tactile surfaces and physical tactility.

# Fiber

- Our solution process starts with the yarn selection we will use in our circular knit fabrics;
- Fiber from recycled materials
  - Recycled polyester, Recycle cotton
- Renewable fiber
  - Tencel, Modal, Refibra
- Plant-based natural fiber
  - Organic cotton, Linen, Hemp
- Innovative Fiber
  - Drirelease, Texloop, Everfresh Acrylic
  - Sorbtek, Ciclo, Umorfil Beauty

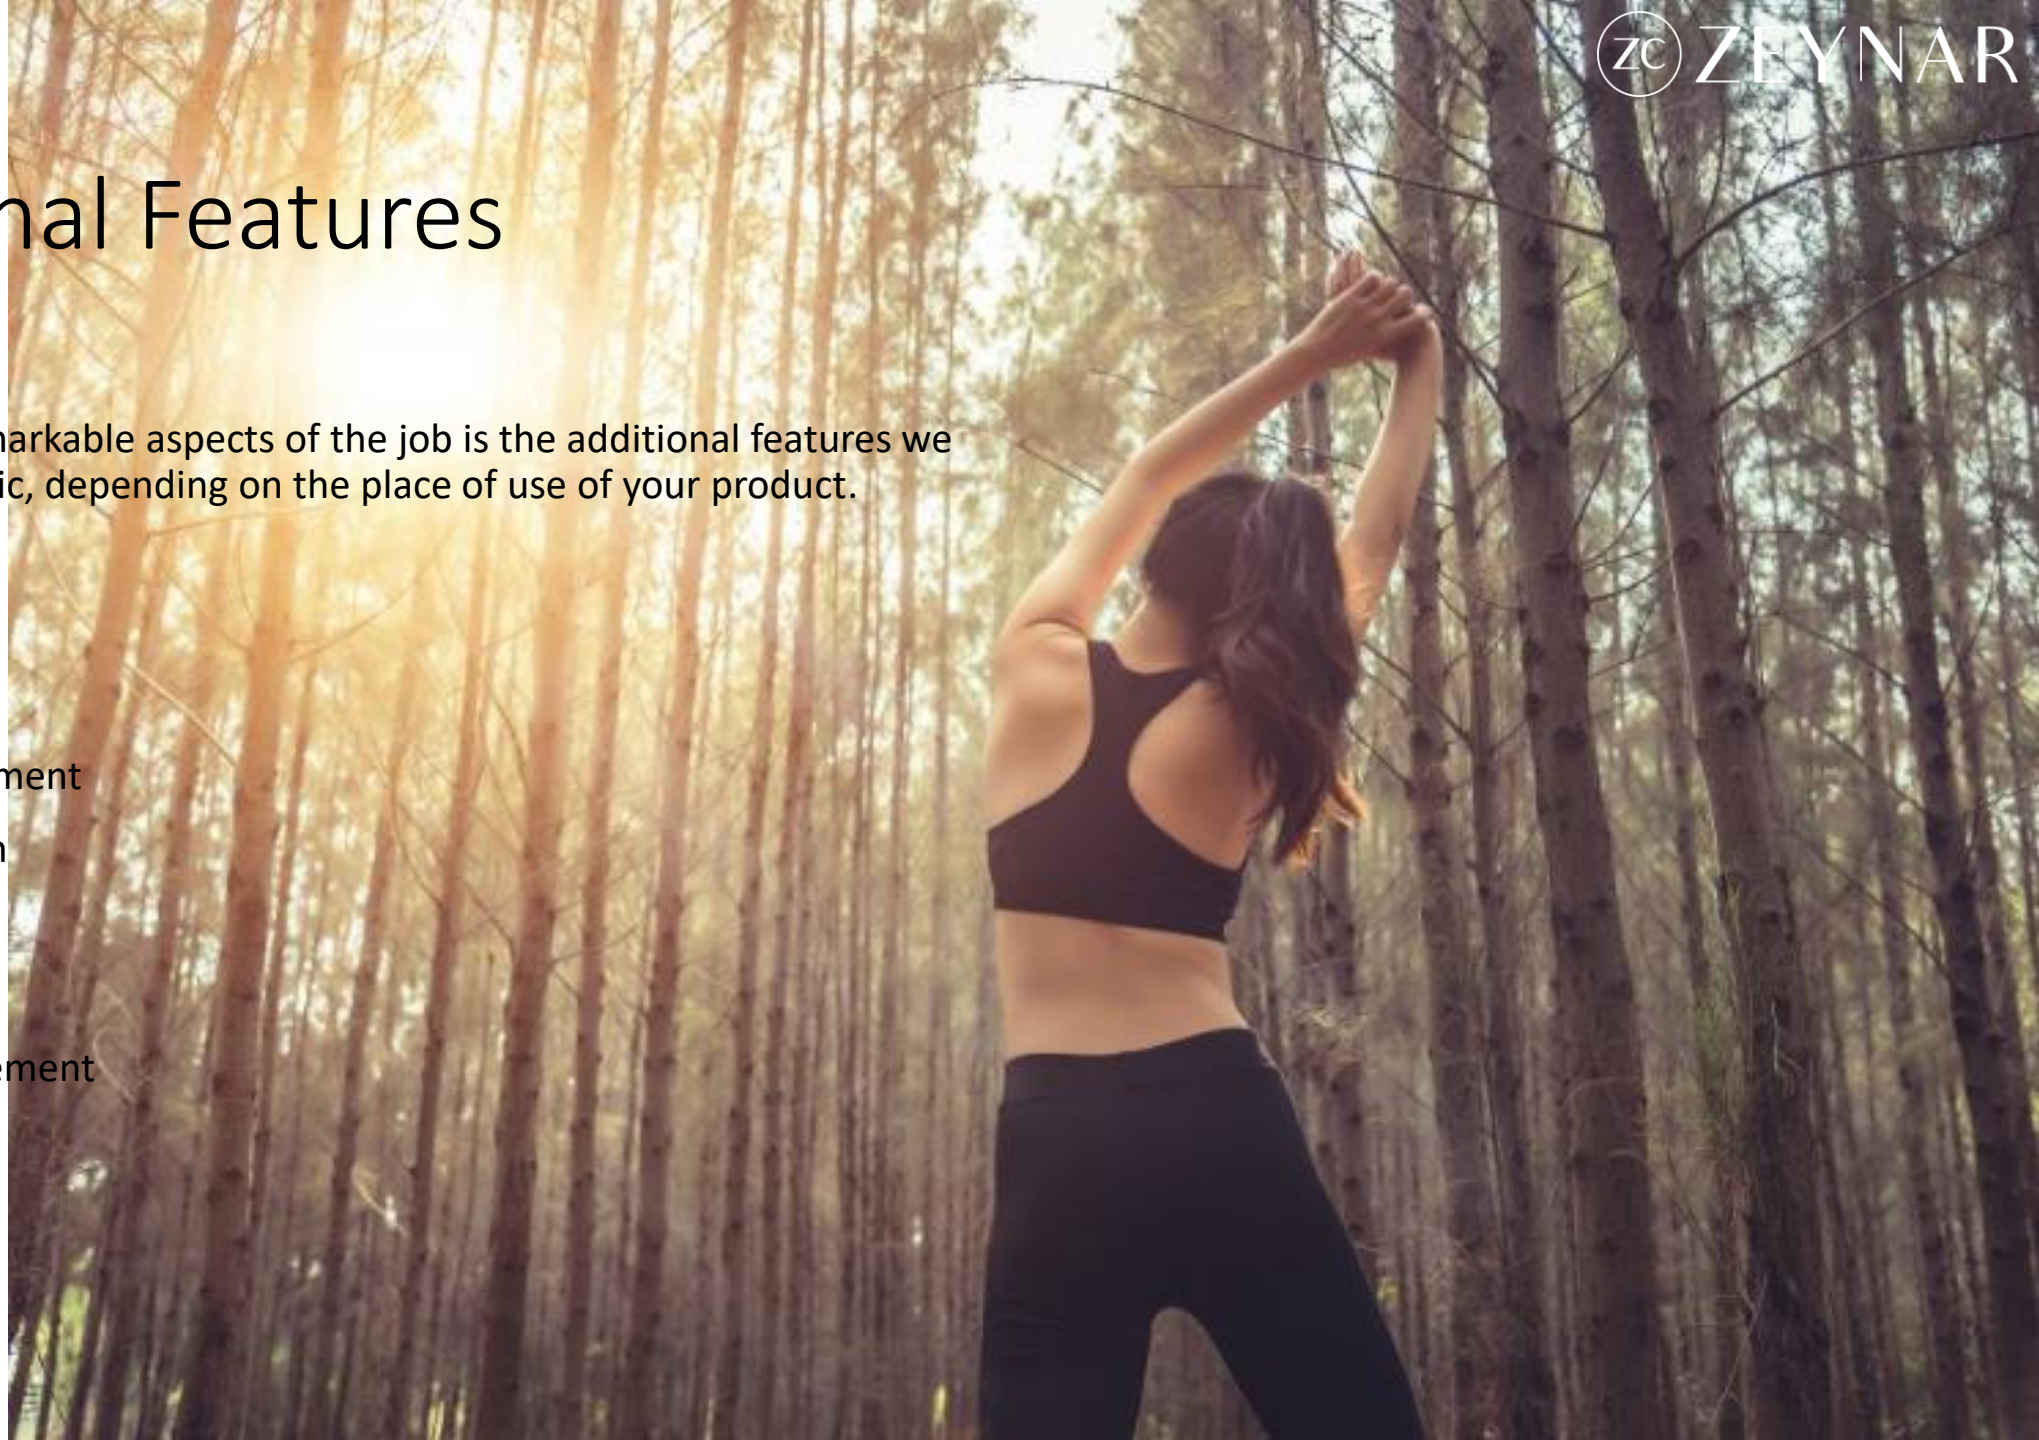

# Additional Features

One of the most remarkable aspects of the job is the additional features we can add to your fabric, depending on the place of use of your product.

- Antibacterial
- Antiviral
- Waterproof treatment
- Thermoregulation
- Anti-odor
- Wicking
- Moisture Management
- UV protection
- Microcapsules

# Sustainability

- Our approach, which we have adopted in line with the principles of our Zeynar Sustainability Strategy “ACT FOR TOMORROW” and the UN Sustainability Development Goals, aims to increase the participation of our stakeholders in the process, minimize differences, to ensure active participation in sustainable social, economic and environmental solutions, and to protect our natural resources and cultural heritage.
- Our innovation strategy is to further our commitment to cleaner, lower-carbon technology and solutions.
- We follow our products and always try to find new and innovative solutions by interpreting them in new ways.
- We can offer different solutions for sustainable yarns in line with the demands of our customers.
