Check out our website for more **inspiration & information on how we can help you!**

Our patented Mechanical Stretch technology converts rigid polyester or recycled polyester tapes and labels into mechanical stretch products.

Application **WITHOUT**  
**Pro-Stretch** patented Stretch process

Application **WITH**  
**Pro-Stretch** patented Stretch process

- Process- Removes shrinkage whilst giving the item stretch
- Options- 'Stretch' gives between 5-12% and 'SuperStretch' gives around 20%
- Benefit- Eliminates puckering on the garment and removes any differential shrinkage in washing

Rigid Tape
