

How many water bottles can you save?

Introducing RePET®

- Hey, it's closed loop production!
Don't break the loop!
- Just as good as virgin polyester,
but cleaner & greener.
- Lessen dependence on petroleum.
-60% lower carbon footprint than
virgin polyester.
- 70 bottles can generate 1KG of **RePET®** yarn.
One bottle at a time.
- Almost forget, it's Bluesign® & GRS certified!

From the Ocean to your wardrobe!

Introducing Oceaya®

- Hand picked from West coast of Taiwan. (Approx. 160 thousand tons of Oyster Shells are discarded per year).
- Contents 80% of CaCO₃ and 20% light metal elements.
- Upcycle ocean waste into eco-textile. Hey! You smell fresh!
- No chemical coatings. Nothing but nature at work.
