

PRODUCT PORTFOLIO

Sustainability is the foundation of our business.

[Let's talk!](#)

WHO WE ARE

3T is a sustainability-driven family business with 26 years of experience in the field of Textile Heat Transfers. We are a leading heat transfer manufacturer with headquarters Eastern Europe and support offices and manufacturing in China, Turkey, Vietnam.

We are driven by innovation, giving our clients world class solutions.

OUR MISSION

Create harmonious solutions, while protecting earth's precious resources.

OUR FOCUS

Sustainability Driven Solutions

Industry Leading Product Technologies

FOUNDATIONAL SOLUTIONS

The building blocks to success.

3D AIR

HD

A person in athletic wear is performing a yoga pose on a large, rounded rock in a mountainous landscape. The person is in a standing balance pose with arms extended horizontally. The background features rugged, layered rock formations under a clear sky. The overall scene is serene and emphasizes outdoor performance.

ULTRAFLEX

3T Sustainability

Powered by:

BIO BORN™
The future in our hands

*Not just a product, an ethos built into the
fabric of our company.*

Net-Zero Carbon Emission

Self-circulating heating system
LED lighting (80% less energy) 💡

Bio-Born

70% Plant Based Heat Transfers 🌱

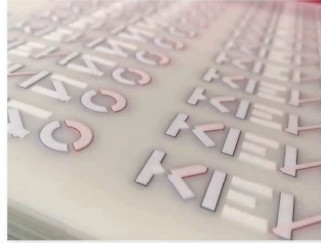

Renewable Energy

According to Scope 1, based on energy consumption, 3T is referred as Zero Carbon emissions due to usage of 100% Renewable electricity.

Extra step towards green future

Starting in 2022, 3T collects support carrier waste from customers twice a year. Collected plastic is reused for recycled plastic products. The support carrier of the transfer usually is about 70% of the product.

Sustainable Packaging

90% of contents of the package unit are recyclable

Product Transport

Go green program, that allows tracking and decreasing CO2 emissions 🚚
