# BROOKWOOD RECLAIM™

Brookwood® is proud of its continued efforts in helping to reduce our carbon footprint. Our goal is a path forward with responsibly produced fibers and fabrics made with recycled Nylon and recycled Polyester.

Brookwood® believes we all have a responsibility in sustaining our planet for all and our future generations to come.

Fabrics from Brookwood® Reclaim™ line were used in the jackets made by Ralph Lauren® for the team USA in the winter Olympics 2021. American athletes wore them in both, the opening and the closing ceremonies.
