## Strengths

**69 Circular  
Knitting  
Machines**

for

- Single Jersey, Interlock, Ribs and their combinations;
- Jacquard Fabric: electronic, unlimited pattern size, 4 color ways;
- Terry Fleece Fabric;
- Frotte Fabric;
- Mesh Fabric.

More than  
**200 fabrics**  
developed  
each year.

## Our latest achievements

**15% growth**  
in sales in 2019.

**60% reduction  
of water**  
and other resources respectively  
in the last 3 years.

**Effective Cost  
Management System**  
due to investments into new  
technologies, semi-automatic  
devices and organizational tools.

## Our vision

More attention to natural yarns - like hemp - that require less or almost no natural resources, give back to the soil and need less chemical intervention.

More collaboration with science hubs in developing flame-resistant materials, new solutions for work wear and finishing options for the fabric.

## Our promise

We strongly believe that our emphasis on CLOSE and INTERACTIVE SERVICES, our passion and KNOWLEDGE of manufacturing and the LATEST TECHNOLOGIES, combined with the EXPERTISE gained through years of experience, assures our success in delivering the BEST possible product for our VALUED CLIENTS at a COMPETITIVE PRICE.
