

## rTEX Filament 織物回收聚酯纖維

FENC® TOPGREEN® rTEX is a closed-loop textile recycling solution that turns PET textile waste into brand new products through our advanced recycling technology. Empowering true circularity in the textile industry.

以廢棄聚酯紡織品作為原料，經過粉碎、熔融造粒、抽絲及假撚加工製成的回收纖維，是對地球生態絕對環保的製程及素材，並達到紡織產業真正的循環經濟。

### Characteristics 特性

- 使用最先進的回收技術  
Utilizes advanced recycling technology
- 減輕環境負擔，善盡地球公民責任  
Repurposes waste, reduces our reliance on petrochemicals and prevents environmental pollution
- 提供完整的可追溯性回收系統  
TOPGREEN® rTEX filament is completely traceable

### Environmental Focus 環境友善指標

- 100% recycled PET based
- GRS certified
